

2025 DODGE HORNET

MAKE AN EMPOWERED DECISION

The choice is yours—the gas-powered Dodge Hornet GT or Hornet R/T, the first electrified Dodge vehicle. Both picks are clear winners with Dodge muscle design and powerful CUV performance. GT boasting the fastest top speed while R/T was crowned the quickest Plug-in Hybrid Electric Vehicle (PHEV) compact crossover with a launch time of up to 0-60 mph in 5.6 seconds.

SPORTY DETAILS, TECH INSPIRED

Slide inside to find road-ready technology, comfortable seating and a rear cargo area ready to be packed for adventure. A digital cluster and central display screen tilt toward the driver for easy reading. Centre stack buttons are within easy reach, while intuitively placed steering-wheel buttons let you choose between Sport and standard driving modes.

With multiple standard screens, Hornet delivers sophistication. The large standard 12.3-inch digital cockpit instrument cluster lets you toggle through the speedometer, fuel economy and trip mileage, as well as view available, full-screen navigation.* Information is displayed in three separate zones and lets the driver customize the crisp, clear graphics.

UCONNECT® 5 – A standard 10.25-inch Uconnect 5 touchscreen lets you view images and information from advanced safety systems, such as the rearview camera's² dynamic grid lines. The system integrates with your smartphone through Apple CarPlay³ and Android Auto.^{TM3} Standard.

DODGE CONNECT⁴ – Enjoy a suite of safety and convenience features, including SOS Call⁵, lock/unlock or start⁶ your car from almost anywhere, and much more. Three-month trial⁴ included. Available.

ALEXA BUILT-IN⁷ – Ask Alexa to stream music, navigate to points of interest, check the weather, view your calendar, build shopping and to-do lists, or answer general questions. Available.

// GT Plus with Black Perforated Alcantara® Seats with Red Backing and Black Scuba Shark Bolsters with Red Accent Stitching.

WARRANTIES: 2025 Chrysler, Jeep, Dodge and Ram vehicles are backed by a 5-year or 100,000-kilometre fully transferable Powertrain Limited Warranty* with \$0 deductible plus 24-hour roadside assistance; SRT vehicles are backed by a 3-year or 60,000-kilometre fully transferable Powertrain Limited Warranty* with \$0 deductible plus 24-hour roadside assistance. Basic Warranty coverage is for 3 years or 60,000 kilometres* Rust-through coverage on all body sheet metal is for 3 years. The Cummins Turbo Diesel engine is protected by a separate Limited Warranty, covering the engine for 5 years or 160,000 kilometres* The EcoDiesel engine is backed by a 5-year or 100,000-kilometre fully transferable Powertrain Limited Warranty* with \$0 deductible plus 24-hour roadside assistance:

*Whichever comes first. Some conditions may apply. †The 5-Year/100,000-Kilometre Powertrain Limited Warranty does not apply to vehicles sold for certain commercial uses. See your retailer for full details.

MOPAR VEHICLE PROTECTION: FCA Canada Inc. has a vested interest in your satisfaction and owner experience with your new vehicle. Mopar Vehicle Protection offers extended service and maintenance plans to help ensure you'll enjoy your vehicle for many years down the road—for just pennies a day. For more information on comprehensive vehicle coverage, see your local Chrysler, Jeep, Dodge and Ram retailer or call 800-465-2001.

[1] Never program while driving. GPS mapping and 3D navigation may not be detailed, available in all areas or reflect current road regulations. [2] This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of their surroundings and be prepared to take corrective action to avoid collisions. [3] Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice controls, when it is safe to do so. Requires compatible iPhone. See retailer for phone compatibility. Data plan rates apply. Wireless use of Android Auto requires a compatible Android 11.0+ phone and compatible active data plan. Check g.co/androidauto/requirements for compatibility. [4] All vehicles properly equipped to receive connected services come with a 3-month trial of the full suite of Dodge Connect services effective from the date of purchase or lease of a new vehicle. Enrolment in the trial is required to receive service. Upon expiration of the trial period, purchase of a subscription is required to continue or renew services. Dodge Connect is available only on equipped vehicles purchased within the United States, Canada and Puerto Rico. Services can only be used where cellular coverage is available. [5] Vehicle must be enrolled with Dodge Connect, be in an active and usable cellular range, and have an active subscription. An SOS Customer Care agent directs emergency assistance to your vehicle's location. [6] Vehicle must be enrolled with Dodge Connect, be in an active and usable cellular range, have an active subscription, and be properly equipped with remote features. Remote Vehicle Start is not available on all vehicles. You are responsible for using remote features in accordance with any laws, rules or ordinances in effect in your vehicle's location. [7] Vehicle must be properly equipped with a Uconnect 5 NAV system. Requires a Wi-Fi Hotspot data plan and linked Amazon account to run Alexa in the vehicle. [8] If you decide to continue service after your trial, the subscription plan you choose will continue and you will be charged according to your chosen payment method at then-current rates unless you cancel your services. Fees and taxes apply. Some services and features are subject to device capabilities and location availability. Please see the SiriusXM Customer Agreement at www.siriusxm.ca/terms for complete terms and how to cancel, which includes calling SiriusXM at 1-888-539-7474. All fees and programming are subject to change, provided that we notify you in advance of any price change. We use personal information in accordance with our Privacy Policy, available at www.siriusxm.ca/privacy. [9] This system is an alert system for the front of the vehicle. It is not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. 10. Traffic Sign Recognition is not a substitute for safe and attentive driving. Factors including weather and condition of the traffic sign can impact the recognition and display of the sign. Always check traffic signs visually while driving. [11] Not compatible with all garage door openers. [12] Highway Assist System (HAS) requires the driver to keep his or her hands on the steering wheel at all times. This system is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and maintain control of the vehicle. [13] Always check entire surroundings visually before proceeding.
