

2025 CHRYSLER PACIFICA / PACIFICA HYBRID / GRAND CARAVAN

PACIFICA HEIGHTS

The elevated amenities of Chrysler Pacifica make it a clear standout in its category, taking family functionality to a whole new level. It's considered an innovator in virtually every aspect: luxurious interior seating and appointments, ingenious storage and entry innovations, boredom-busting entertainment systems, confidence-building safety and performance features, eco-conscious power solutions ... in short, Pacifica takes the high ground in every aspect of daily driving.

IMPRESSIVE FROM EVERY ANGLE

Chrysler Pacifica is a multi-talented model whose photogenic looks start with its chiseled front fascia and continues with a diamond-style Gloss Black upper grille, Bright Chrome surround, slimmer lower grille and aerodynamic design. Distinctive LED taillamps run the width of the rear fascia, providing an unmistakable rear approach, while LED headlamps and daytime running lamps (DRLs) deliver increased light projection and improve range of visibility while turning corners.

The Pacifica Pinnacle® projects its upscale pedigree with unequivocal expressions of luxury. The sculpted body is highlighted by distinctive accents and badging with Chrome exterior finishes, along with 20-inch polished aluminum wheels on the All-Wheel Drive (AWD) gas model and standard 18-inch polished aluminum wheels on the Plug-in Hybrid Electric Vehicle (PHEV) model. Advanced onboard technology, as well as premium interior finishes and storage, take family functionality to a whole new level.

Pacifica Pinnacle in Diamond Black.

EXCEEDING EVERY EXPECTATION

THE MOST LUXURIOUS INTERIOR IN ITS CLASS^{1*}

Refinement is redefined when you discover the creature comforts of the premium Pacifica Pinnacle.[®] Loaded with luxury features, the top-of-the-line trim includes durable, quilted Sepia Nappa leather-faced seats in all three rows. The textured, high-quality leather extends to armrests, bolsters and the movable pillows with suede backing for an extra dose of indulgence.

INTUITIVE DESIGN

Pacifica has a talent for anticipating every need of its passengers, including the driver. They are kept comfortable with ample seating, versatile storage, and ease of entry and exit. With multi-device charging and connectivity, the available Uconnect[®] Theater Family Group, including Rear-Seat Entertainment with Amazon Fire TV Built-In², helps make the most of your family's drive time.

Front-seat storage on Pacifica includes dual-level Ultra or Premium Consoles. A pass-through accommodates items such as a purse, tablet or laptop. The available wireless charging pad keeps your phone powered, while up to 12 available USB ports (including Type-C for faster charging) make Pacifica your family's dedicated information technology centre.

Amazon, Fire and all related marks are trademarks of Amazon.com, Inc. or its affiliates.

*A note about this brochure: all disclosures can be found on the last page.

TUNE IN AND TURN ON

PREMIUM ACOUSTICS

The standard, built-in Active Noise Cancellation (ANC) technology subdues unwanted noise to enhance cabin quietness. It also allows for premium sound quality to be delivered through the standard six-speaker audio system.

UCONNECT® IS YOUR COMMUNICATION CENTRE

Your Pacifica serves up a wide range of communication and entertainment features with the standard 10.1-inch Uconnect 5 touchscreen system, including connected services that make it easy to search and navigate. With lightning-fast processing times, the system has the ability to wirelessly connect two phones simultaneously. Additionally, up to six user profiles can be personalized on the home screen, including preferences for music, seat and comfort settings as well as vehicle operation, with the push of a button.

CLEAR-CUT DIRECTIONS

The available Connected Navigation System³ provides Connected Traffic and Travel Services⁴ and Maps-Over-the-Air (MOTA) updates. Features like predictive search and natural speech capability help identify your location as you search millions of points of interest to find what you need, wherever you are. The available Uconnect 5 NAV⁵ system includes 3D landmarks, city models, digital terrain maps, enhanced graphics and one-step, voice-destination entry for the ultimate ease-of-use, way-finding experience.

BECOME FULLY PLUGGED-IN

EFFICIENCY COACH

The in-cluster display centre on the Pacifica Hybrid includes a coaching feature to help optimize fuel efficiency by showing a small green light to let you know when you're driving efficiently. When driving beyond the eco-friendly range, the light turns white so you can always be aware of your performance-to-efficiency operation.

AUTOMATIC POWER EXCHANGE

Alternating between electric and gas power is seamless, thanks to the Electrically Variable Transmission (EVT), featuring two electric motors — both capable of delivering power to the front wheels. With an electric driving range of up to 51 km [32 mi],⁶ the Pacifica Hybrid is less dependent on gas, helping to lower tailpipe emissions while increasing savings at the pump and beyond.

- Gas-powered backup to Hybrid battery
- Internal combustion Atkinson Cycle on V6 engine
- System automatically activates the more efficient power source [either battery or engine], depending on the driving situation
- Regenerative braking helps recharge the battery and helps reduce wear on brake components
- Charge in as little as two hours with the available Mopar® Level 2 Charger⁷
- High-voltage, electrically charged 16-kWh lithium-ion battery
- The battery has a fully transferable 8-Year/160,000-Kilometre Limited Warranty

GOVERNMENT INCENTIVE PROGRAM

When purchasing a Pacifica Hybrid, you may qualify for government incentive program rebates. Please visit chrysler.ca for more information.

115+

HEIGHTENED AWARENESS STANDARD AND AVAILABLE SAFETY AND SECURITY FEATURES

The Chrysler Pacifica comes with over 115 standard and available safety and security features, including a host of automatically reactive technologies designed to help enhance your control and visibility even on the busiest of roads, parking lots and driveways.

EQUIPPED TO PROTECT

Eight standard air bags⁸ include front multistage air bags with adaptive venting technology, side-curtain air bags, driver and front-passenger inflatable knee blocker air bags, and front-seat-mounted side-impact air bags. Based on occupant size and impact severity, the front air bags open at varying levels of inflation. Side air bag inflatable curtains extend over front and rear seating rows.

ELECTRIC PARK BRAKE WITH SAFEHOLD

Activated by a button located near the Rotary E-shift dial, the standard Electric Park Brake switch eliminates the traditional pull park/emergency brake handle. It includes the additional function of SafeHold, an override feature that can secure the wheels if it detects the driver has exited the vehicle while it's at a standstill but not in the Park gear.

PARALLEL AND PERPENDICULAR PARK ASSIST⁹

When activated by the driver, the available Parallel and Perpendicular Park Assist can locate a suitable parking spot and manoeuvre the vehicle into a perpendicular or parallel parking space. The automatic system will control steering-wheel manoeuvres as the driver controls the gears, brake and accelerator.

BLIND-SPOT MONITORING⁹

When driving forward, the Blind-Spot Monitoring continually monitors the vehicle's side blind-spot zones using dual radar sensors. When a side blind spot is encroached, you're notified via an illuminated icon on the appropriate sideview mirror; if the turn signal is activated, an audible notification sounds. This system also includes Rear Cross-Path Detection⁹ to alert you with an audible warning if vehicles or objects are in your path when driving in Reverse.

PEDESTRIAN AUTOMATIC EMERGENCY BRAKING¹⁰

Works in tandem with the forward camera and braking system to activate when a pedestrian is in the vehicle's path and the driver has not taken action to brake. When a pedestrian is detected, the system can provide audible and visual warnings and can assist the driver in avoiding an incident by actively applying the brakes.

ADAPTIVE CRUISE CONTROL WITH STOP AND GO⁹

By using radar and camera sensors, this system can automatically adjust cruising speed based on preset speed and vehicle distance settings. In certain conditions, such as stop-and-go traffic, the system is able to bring the vehicle to a complete stop without any driver intervention, then prompt the driver to press the Resume button or tap the accelerator to reengage to safe-range speeds as traffic begins to move.

FULL-SPEED FORWARD COLLISION WARNING WITH ACTIVE BRAKING⁹

Using radar and camera sensors, this system detects if the vehicle is approaching another vehicle or large obstacle too rapidly. When an object is detected, the system can provide audible and visual warnings and can assist the driver in avoiding an incident by actively applying the brakes. The driver is able to adjust the sensitivity and activate brake support using the Uconnect[®] touchscreen multimedia centre.

LANE DEPARTURE WARNING WITH LANE KEEP ASSIST⁹

A forward-mounted camera assesses the vehicle's position within a lane. If this system detects the vehicle is drifting out of its lane without the driver using the indicators, it can warn the driver visually and through a vibration in the steering wheel. If the driver does not respond to the warnings, Lane Keep Assist can help gently nudge the vehicle back into the lane by adjusting the steering.

GRAND CARAVAN — MOST VALUABLE PLAYER

Daily life is a team effort, and busy families can benefit from a star player like Chrysler Grand Caravan. From the automaker that invented the minivan, its latest innovations boast over 100 standard and available safety and security features. Home team advantages include the standard 3.6L Pentastar™ Variable Valve Timing [VVT] V6 engine that offers a winning combination of power and efficiency. Genius touches are found in its space, efficiency, connectivity and sophisticated design, all helping to smooth out the day's challenges. This highly adaptable family vehicle has room for seven along with the expansive storage of Stow 'n Go® seating. Its sleek, sporty and functional exterior features 17-inch Tech Silver aluminum wheels and welcomes all with dual power-sliding side doors.

OPEN-AND-SHUT CASES

DUAL POWER-SLIDING SIDE DOORS AND LIFTGATE

Getting passengers [along with their belongings] in and out quickly and smoothly is made simple with the touch of a button from the driver seat to open and close the sliding side doors and liftgate.

KEYLESS ENTER 'N GO™

This standard passive entry system allows you to open doors as well as start the vehicle with a keyless, push-button ignition via a personalized fob. With the fob on or near you, simply pull the door handle or rear liftgate latch to unlock the vehicle.

Grand Caravan SXT in Diamond Black.
Properly secure all cargo.

CLASS-EXCLUSIVE STOW 'N GO[®] SEATING AND STORAGE¹⁹

CARRY-ON EXPERT

The Chrysler Grand Caravan brings the innovative convenience that the Chrysler minivan lineup is known for with second- and third-row Stow 'n Go fold-in-floor seating and storage. Simply fold the seats into the floor to make plenty of space for all your cargo. Use the easy-to-access in-floor bins to get even more capacity to store your gear and valuables for safekeeping.

Properly secure all cargo.

QUICK TO ADAPT

Think of Grand Caravan as your mobile family room that's been recently renovated. Look forward to spending time in its sleek, All-Black interior with supple, leather-faced seats.

Comfort and convenience are paramount with its standard 12-way adjustable driver seat that features four-way power lumbar support, memory settings, four LATCH-installed child seats and a standard heated steering wheel.

Stay in command with intuitive features like the standard Rotary E-shift dial in the centre stack, the Uconnect[®] 5 multimedia centre with a 10.1-inch touchscreen, a 7-inch cluster and the ingenious space provided by the Super Console.

CHRYSLER.CA 1-800-361-3700

CHRYSLER IS A REGISTERED TRADEMARK OF FCA US LLC.

1. Based on the Pinnacle model with standard and available features and the FCA US LLC Premium Minivan segment. Based upon the latest available competitive information. 2. Vehicle must be in an active and usable cellular range and properly equipped with a Uconnect 5 or Uconnect 5 NAV system and Rear-Seat Entertainment Package. Requires a mobile device with Wi-Fi Hotspot service and a linked Amazon account. Wi-Fi data plan and streaming service subscriptions are not included; data charges and overage fees may apply. 3. All vehicles properly equipped to receive connected services come with a three-month trial of Assistance Package or Assistance + Navigation Package (if equipped), up to five years of Vehicle Performance Package, and up to 10 years of Safety and Security Package effective from the date of purchase or lease of a new vehicle. Enrolment in trial is required to receive services. Upon expiration of trial period, purchase of a subscription is required to continue or renew services. Services are available on equipped vehicles purchased within the United States, Canada and Puerto Rico. Services can only be used where cellular coverage is available. See the applicable Terms of Service for complete terms and conditions (including service limitations) and the Connected Vehicle Privacy Policy. 4. Vehicle must be enrolled with Chrysler Connect, be in an active and usable cellular range, and have an active subscription. 5. Never program while driving. GPS mapping and 3D navigation may not be detailed or available in all areas or reflect current road regulations. 6. Electric range based on *EnerGuide* combined fuel consumption ratings, full battery charge and hybrid mode. Driving range based on *EnerGuide* combined fuel consumption ratings, fuel tank capacity, full battery charge and hybrid mode. Your actual driving range will vary based on driving habits and other factors. 7. Requires purchase and professional installation. See Chrysler retailer for details. 8. The Advanced Front Air Bags in this vehicle are certified to the Federal regulations for Advanced Air Bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. 9. This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of their surroundings and be prepared to take corrective action to avoid collisions. 10. This system is an alert system for the front of the vehicle. It is not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. 11. Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice controls, when it is safe to do so. Requires compatible iPhone. See retailer for phone compatibility. Data plan rates apply. Wireless use of Android Auto requires a compatible Android 11.0+ phone and compatible active data plan. Check g.co/androidauto/requirements for compatibility. 12. Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. 13. If you decide to continue service after your trial, the subscription plan you choose will continue and you will be charged according to your chosen payment method at then-current rates unless you cancel your services. Fees and taxes apply. Some services and features are subject to device capabilities and location availability. Please see the SiriusXM Customer Agreement at www.siriusxm.ca/terms for complete terms and how to cancel, which includes calling SiriusXM at 1-888-539-7474. All fees and programming are subject to change, provided that we will notify you in advance of any price change. We use personal information in accordance with our Privacy Policy, available at www.siriusxm.ca/privacy. 14. No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. 15. Always check entire surroundings visually before proceeding. 16. Driving while distracted can result in loss of vehicle control. Only use the FamCAM interior camera when it is safe to do so. 17. Not compatible with all garage door openers. 18. Vehicle must be locked and system activated for alarm to sound. 19. Based on available features and the FCA US LLC Premium Minivan segment. Based upon the latest available competitor information. 20. Three-month/1GB trial included with the purchase or lease of a new vehicle. Upon expiration of the trial period, purchase of a subscription is required. Wi-Fi Hotspot available through third-party subscription. Requires Internet-enabled mobile device. See retailer for details. This feature is not intended for use by the driver while the vehicle is in motion. Always drive carefully.
